I am a techno-optimist and design explorer, building bridges between technology and humanity. My architectural background equips me with a unique perspective on space and human experience, driving my mission to connect digital innovations with physical environments in meaningful ways.

# Yixi(Chris) Wu,

## Product/UX Designer

## EXPERIENCE

02

2025.01 - Present

**WHY Research Lab****- Research Assistant**

Investigating how intelligent systems enhance environmental awareness and creative expression through hands-on prototyping

2024.06 - 2024.08

**Veryloving, Inc (Glance)****- AI Product Design Intern**

Participated in conceptual exploration for AI-enabled earphones at an emerging AI tech start-up, contributing to interaction design and form factor studies

2023.06 - 2023.10

**Zhongcheng Keze Engineering Design Group Co., Ltd.****- Design Intern**

Collaborated with cross-functional teams to develop and iterate architectural design solutions through client and contractor feedback

## EDUCATION

03

2024 - Present

**Carnegie Mellon University****- Master of Advanced Architectural Design (An Interdisciplinary Design Program)**

Coursework in Programming, ML, HCI, Interaction Design, Design of AI Products, and more

## SKILLS

04

User Research Programming

Interaction Design 3D Modeling

Visual Design Data Analysis

Product Design Physical Computation

Communication and Collaboration Adaptability and Continuous Learning

## TOOLS

05

Microsoft Office Python + Web Development

Adobe Creative Suite Rhino(Grasshopper) + Blender + Onshape

Figma Processing

Unity Arduino

## LANGUAGES

06

English Fluent

Chinese Native
